Ohio Canine Detection Services, LLC.
Pre-Inspection checklist and Disclaimer*

Ohio Canine Detection Services, LLC requests that prior to any inspection, the customer complete the following necessary steps:

- Remove all pets and litter boxes from the search area.
- Vacuum floors of search area
- Put up all food items and remove any food that may be on the floor of the search area.
- Turn off all air conditioners and fans at least 30 minutes prior to inspection.
- Remove any air fresheners and smoking devices from the search area at least 2 hours prior to inspection.
- If possible move furniture away from walls.
- Place any mattress from upper areas (I.e. Bunk beds) on the floor.
- Place comforters on the top of beds to allow easy access to the mattress and box springs.
- Remove any plastic bags and small toys from the floor of the search area

*Disclaimer

Ohio Canine Detection Services LLC., utilizes highly trained bed bug detection dogs to perform the inspection. Although studies have shown that these dogs are up to 97% effective in detecting the presence of bed bug infestations, there is no service that can detect bedbugs with 100% accuracy. Therefore, Ohio Canine Detection Services LLC. , shall not be held liable for any damages resulting from the failure to detect bed bug infestations or false alerts when an infestation is not present. Further, pursuant to this Agreement, the client agrees to indemnify and hold harmless Ohio Canine Detection Services from any third-party claims made as a result of the service provided. Ohio Canine Detection Services LLC specifically disclaims any warrantees, including but not limited to those of merchantability or fitness for a particular purpose. Ohio Canine Detection Services LLC., is an independent detection service only and does not provide any extermination services. We reserve the right not to inspect any premises if deemed unsafe or hazardous to the dog or handler.

I hereby certify that I have read and understand the conditions of service and also have not used any chemicals or other agents to treat for bed bugs unless noted below.
